

# NURSING

## IMPROVE THE FUTURE OF MEDICINE WITH SCIENTIFIC KNOWLEDGE

Established in 2001 to meet the growing demand of education, National University System is a network of nonprofit institutions dedicated to offering innovative and relevant educational programs to a diverse population of students, serving the needs of working adults. Our mission is to provide superior services, which include personalized student advising and academic planning; efficient delivery of support services; abundant and accessible student learning and career resources; and rewarding alumni engagement and support.

NUS offers degree programs related to nursing at National University and Northcentral University. Our nursing programs will prepare you to seek employment in a wide range of settings, including hospitals, clinics, acute care facilities, rehabilitation facilities, and government agencies. Upon graduation, you'll be prepared to continue your education and advance your professional career.

## PROGRAM HIGHLIGHTS:

- Learn how to provide patient-centered nursing care
- Manage, prioritize, and delegate patient care
- Effectively communicate and collaborate with patients and interdisciplinary teams
- Plan, implement, and evaluate patient-related strategies
- Explore and apply findings from research in nursing and related fields
- Understand how to continually improve nursing care quality and safety
- Create evidence-based health strategies to improve health care outcomes

*See reverse for specific program information.*
